1. trip sponsor's name and contact information;
2. purpose of the trip, including a detailed explanation of how the trip will coordinate with grade appropriate school curriculum;

The principal may grant preliminary approval if it will be impractical or impossible to complete all of the specific details of the request until permission to proceed has been granted. Final approval will be subject to receipt of all additional information required by the principal. In extenuating circumstances, the principal may extend the deadline for filing a trip request in advance.

III. SAFETY AND SUPERVISION OF STUDENTS

The principal and trip sponsor shall ensure that adequate supervision is maintained at all times during the school trip.

A. Chaperone Requirements

- 1. All school trips require at least one chaperone for every eight students.
- 2. Chaperones must be current school system employees or volunteers, including parents, who meet the standards established by policy 5015, School Volunteers. Background checks will be required for non-school system employees, including parents.

3. Chaperones must abide by all other applicable board policies, regulations, and school rules. At all times during a school trip, chaperones are strictly forbidden from engaging in any behavior that would violate board policy if an employee engaged in the behavior on school property. This includes, but is not limited to consuming, using, possessing, or being under the influence of alcoholic beverages, controlled substances, or tobacco products, or possessing a weapon.
4. If applicable, a special needs student will be accompanied by a designated aide or nurse in accordance with the student's IEP or Section 504 plan. The aide or nurse will not be considered a chaperone for purposes of meeting the required student-chaperone ratio.

B. Additional Chaperone Requirements for Overnight Trips

1. Overnight accommodations should be made in advance with safety and security in mind.
2. Separate accommodations for male and female students and chaperones must be maintained. In all cases, single showering and/or restroom facilities shall be used by males and females at different times.
3. Chaperones must be assigned to accommodations on every floor that is occupied by students.
4. Chaperones shall not stay in the same room or private accommodation as a student unless necessary to meet a student's needs as identified in the student's IEP or Section 504 plan or the chaperone is the student's parent or guardian. If the form of accommodation is a group dormitory, this prohibition shall not apply.

C. Threat Assessment

The principal and superintendent or designee shall check and heed any travel advisories or restrictions that have been issued by the State Department or other governmental agencies.

D. Higher Risk Activities

The principal and trip sponsor shall develop a detailed safety plan for trips that involve a higher risk of injury due to the nature of the activity (e.g., water activities) or location (e.g., theme parks, fairs/carnivals). Notice of higher risk activities must be included on all parental consent forms.

Swimming – including wading to the ankles or knees – and other water sports or activities (e.g., diving, boating, canoeing, waterslides, etc.) are not permissible without explicit approval from the superintendent and without a certified lifeguard on duty during the activity. Activities involving ropes courses, whitewater rafting, and equestrian events will not be approved.

Medical Treatment

School employees may administer medication to a student during a school trip only upon prior written request of the student’s parent or guardian and prior authorization by the principal or designee in accordance with policy 6125, Administering Medicines to Students. A separate request and authorization is required for the administration of medication to students (or a request to self-administer medicine) during the trip when the scheduled dose falls outside of regular school hours.

In the event of a medical emergency, the trip sponsor or any other staff member may arrange for the emergency medical treatment of a student. The school system will not be responsible for the cost of any such treatment.

As soon as possible during or after a medical emergency, the trip sponsor shall notify the principal and fill out a written incident/injury report.

IV. TRANSPORTATION

The most appropriate and cost-effective mode of transportation should be considered for all school trips. The principal shall work with the transportation department to ensure that the arranged transportation will accommodate any students with disabilities who require accommodations.

The following modes of transportation are available for school trips.

- Regular school buses for in-county trips during normal school hours, so long as reservation of the bus(es) will not interfere with the regular transportation program. Regular school buses must be reserved through the transportation department.
- Activity buses for all out-of-county trips.
- Commercial transportation (e.g., charter bus, commercial flight) with a pre-approved company, for all travel needs beyond the normal scope of activity bus travel.

Private vehicles (i.e., not school-owned and not commercial), are strongly discouraged for school trips except in the case of an emergency or extenuating circumstances

Exceptions to these rules are permissible only with the prior approval of the superintendent or designee.

V. TRIP MODIFICATIONS AND/OR CANCELLATION

If any significant aspect of the trip changes after the initial approval has been granted, the trip sponsor must restart the process established in subsection I.B and re-submit a new school trip request to the principal. The trip sponsor shall notify all students and parents of any significant modifications to the trip arrangements or itinerary prior to the trip date.

The principal or superintendent may cancel or postpone school trips when necessary if conditions change such that student travel is unsafe or otherwise impracticable under the circumstances. The trip sponsor shall notify all students and parents of such cancellation or postponement as soon as reasonably possible.

The principal and trip sponsor shall endeavor to refund any trip fees or deposits to the fullest extent possible but such reimbursements are **not guaranteed**.

3. The trip sponsor or designee shall store medication in a safe and secure location during the trip and shall administer medication to students in accordance with policy 6125, Administering Medicine to Students, except to a student who has been pre-authorized to secure and self-administer his or her own medication.
4. The trip sponsor is responsible for all activities during the trip and shall ensure that all activities conform to the approved itinerary.
5. The trip sponsor is responsible for enforcing applicable board policies, regulations, school rules, and the Code of Student Conduct. The trip sponsor shall impose disciplinary consequences for violations accordingly.

The trip sponsor is encouraged to contact the principal prior to sending any student home from the trip early.

6. If any emergency occurs, the trip sponsor shall contact appropriate emergency personnel first. The principal should be contacted as soon as possible. If the principal is unreachable, the trip sponsor shall contact the assistant principal or lead teacher. The central office should also be notified immediately.

B. Student Responsibilities

1. Students must abide by all applicable board policies, regulations, the Code of Student Conduct, and school rules at all times during school trips.
2. Students must also abide by any additional rules established by the principal to govern the conduct of students during participation in school trips. Students will be notified of such rules in advance of the trip.
3. If a student is found to have violated any of these rules and regulations and the trip sponsor deems it necessary to remove the student from a trip or from an activity during the trip, the student must be supervised by a teacher or chaperone at all times. If a student is sent home early, he or she must be accompanied by a teacher or chaperone until he or she is released to the physical custody of his or her parent or guardian.
